We have a couple contracts with Flock, one for the initial 31 cameras (which is what you have attached), one for the ARPA funded, and an amendment to "start" the clock. I've added Dan to the email as there's a few layers on this one and depending on what the PRA is requesting should determine what should be submitted.

Monica is working on a PRA for the LPRs and is asking about a current contract with Flock. I didn't see anything in our Contracts file for Flock? Do you know if we have anything more current than the attached, or where it would be saved?

Hi Monica –

I see the attached in our "Flock" file. This one seems to be from 2021. I don't have anything more recent. The department doesn't have any agreements on file? Thank you.

And the contracts between the City of Santa Maria, the City of Santa Maria Police Dept, and Flock? Are copies of those contracts available?

I am now expanding my FOIA request to include the previously requested Flock camera records and now would like a copy or link to the contract between the City of Santa Maria, City of Santa Maria Police Department, and Flock, this should include any contracts which define data ownership and retention.

Thank You
